About MediWound

MediWound Ltd. (Nasdaq: MDWD) is a global leader in next-generation enzymatic therapeutics focused on non-surgical tissue repair. The Company specializes in the development, production and commercialization of innovative biologics that enhance existing standards of care and improve patient experiences while reducing healthcare costs and unnecessary surgeries.

MediWound's first drug, NexoBrid[®], is an FDA- and EMA-approved orphan biologic for eschar removal in deep partial-thickness and/or full-thickness thermal burns, significantly reducing the need for surgical interventions. Leveraging its proprietary enzymatic technology, MediWound is advancing EscharEx[®], a promising candidate currently in Phase III development for the debridement of chronic wounds. Phase II clinical trials have shown EscharEx has distinct advantages over the current \$360+ million market leader, presenting a unique opportunity for significant market growth.
